

Conway FAQs:

Q: The Whately beach offers admission to Conway residents for a \$50 per season fee. Is a similar arrangement in place for use of the Conway swimming spot? Thanks.

A: No. Only residents and their guests can use the privately owned Conway Community Swimming Pool. Please note that the pool is not owned by the Town. More information can be found at www.conwayswimmingpool.org.

Q: I read a postcard announcing a private fireworks display near the intersection of Boyden and Mathews Roads this Saturday evening (July 17). Can such displays receive permits from the Fire Marshall (or whomever) and be legal?

A: Any fireworks display must be permitted by the Fire Chief.

Q: Why is it that tiny towns in Vermont and new Hampshire have access to dsl/high speed internet and we do not ? I am talking about towns in new Hampshire with less than 500 residents and still in the middle of nowhere and dozens of miles away from town and yet they have dsl?

A: The Conway Broadband Committee is currently working with Comcast, the MBI and Wireless West to try to acquire high-speed access for the Town. Other states have come to a separate state-wide agreement.

Q: I have seen several town-related news items in the past couple of issues of the The Visitor that are not on the town website. Why are they not posted on the web? If I subscribe to the site these are the kinds of things that I want to see notices about, I don't want to have to go looking for them in the Visitor.

A: The Visitor is not a Town paper. We do not always coordinate with them, but you do have a good point. We may try to make both sources more cohesive in the future.
